

Build a new service, revamp an existing product or expand to new markets.

Employ the services of a world class team of software engineers, designers, data analysts, marketers and more.

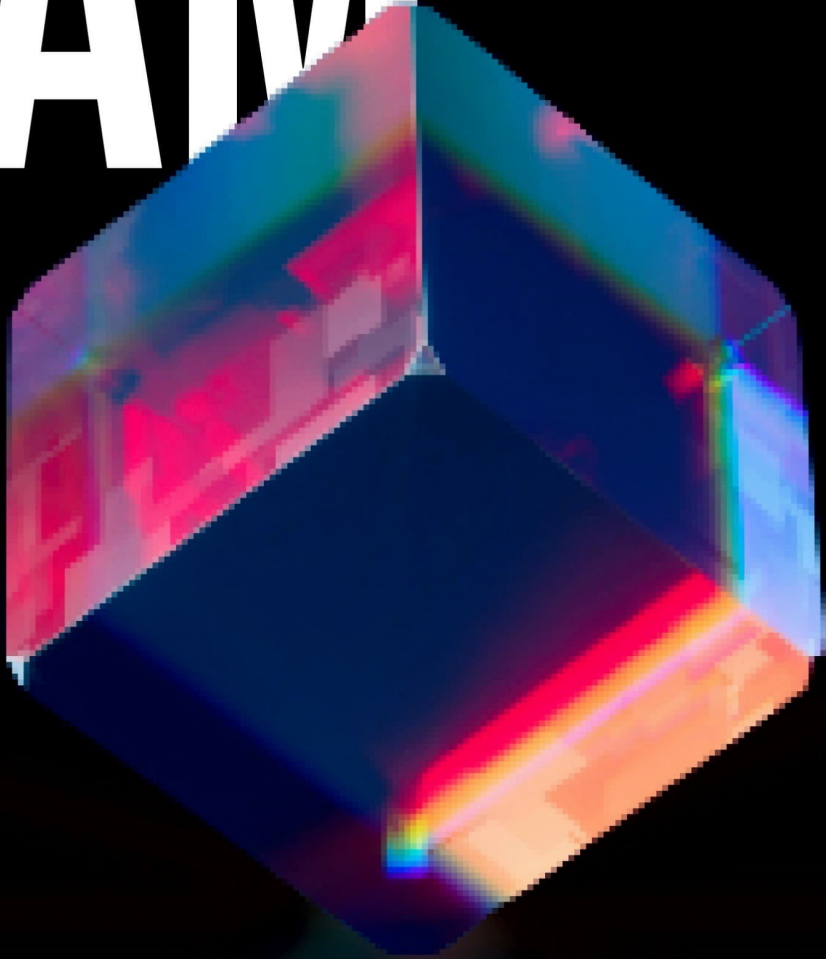

SWIZEL

You Imagine! We Build!

We help businesses turn their ideas into successful products.

TEAM AS A SERVICE

OUR SERVICES

Design

- ✔ **Brand Design**
Through impactful design, we transform businesses into memorable brands.
- ✔ **Product Design**
Go from an idea to an MVP. We handle research, interface design, prototyping and all the steps in between.

Market

- ✔ **Search Engine**
We run data-driven campaigns to deliver conversions, not clicks.
- ✔ **Social Media**
We help businesses grow an audience online, run successful campaigns and boost engagement.

Build

- ✔ **Web Applications**
Every business starts with a web application. A fully functional product that can be accessed anywhere.
- ✔ **Mobile Applications**
We take a mobile first approach to all our projects using the most up-to-date technologies and industry best practices.

Manage

- ✔ **One-time projects**
Get extra hands for your project—our team offers quality, cost-effective support for prototypes, campaigns, and software fixes.
- ✔ **Long-term services**
We specialize in software management and streamlining digital operations for optimal performance and growth.

Meet the TEAM

FEATURED PROJECTS >>>

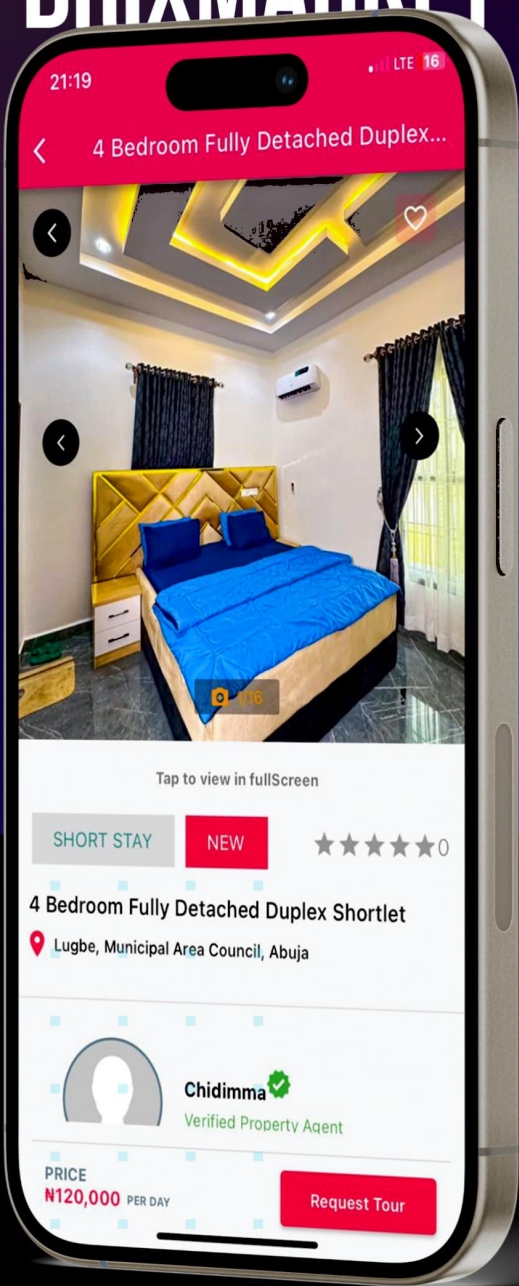

swizel.co

Brixmarket is an online marketplace that helps realtors, renters and homeowners to list and find property.

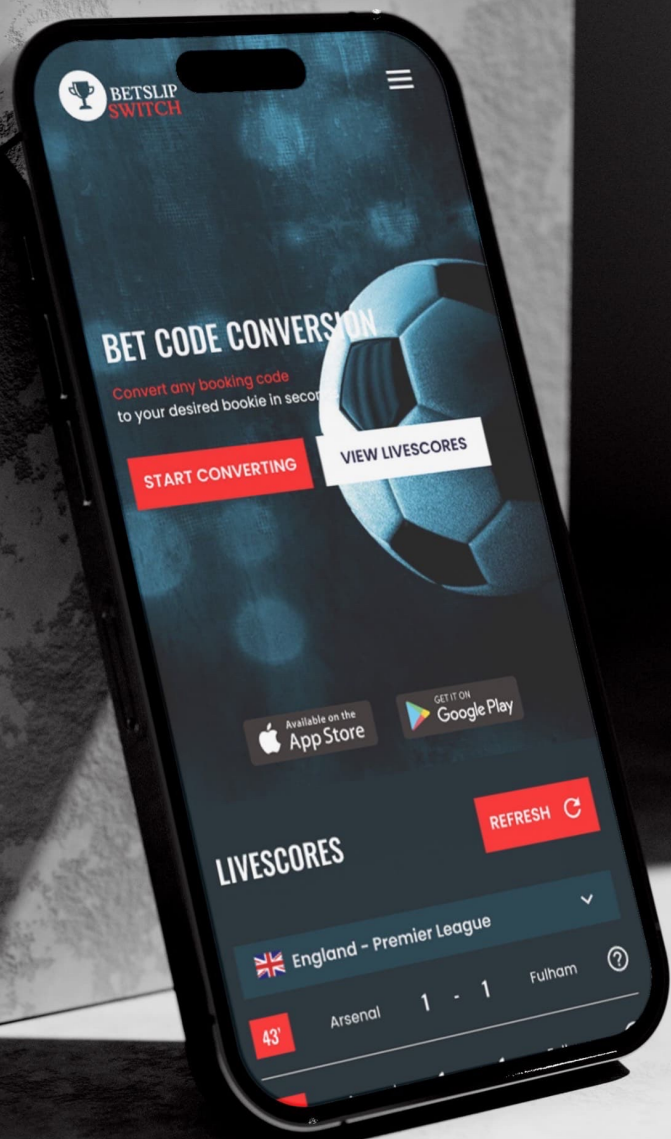

Brixmarket is dedicated to revolutionizing the real estate industry in Nigeria. We connect buyers and sellers by providing a secure and user-friendly platform where a diverse range of real estate properties, including commercial buildings, residential homes, expansive lands, and luxurious estates, are readily accessible for sale, lease, or rent.

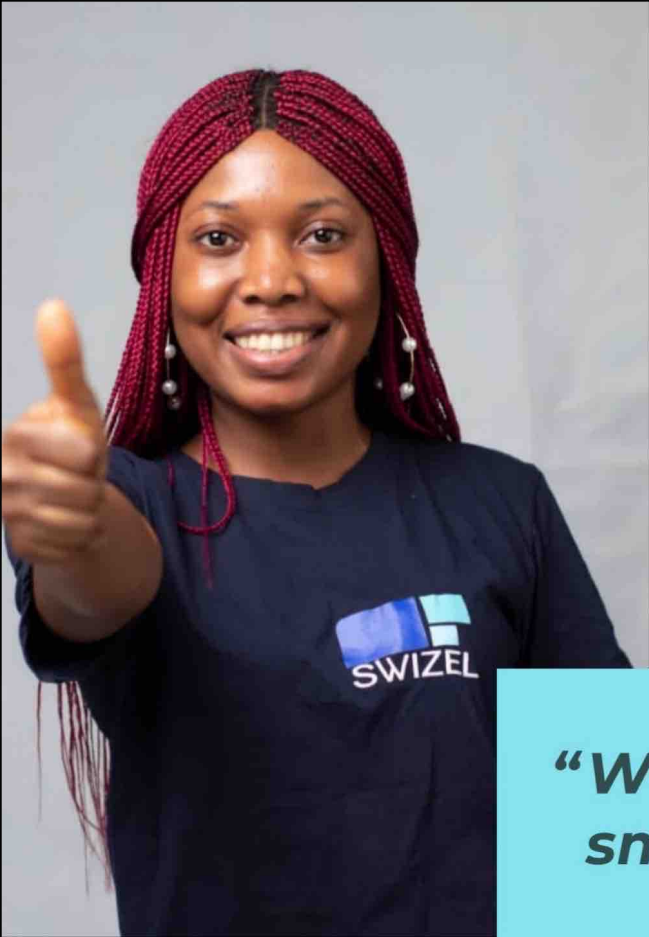

PROJECT BRIXMARKET

PROJECT BETSLIPSWITCH

Betslipswitch is a free bet code converter platform that helps users transfer bet codes across platforms. Besides saving our users time and energy, we also offer livescore viewing as well as unfettered access to a community of tipsters and sports enthusiasts.

HOW WE WORK

We use technology to improve business processes. At Swizel, we take complex ideas and develop intuitive applications designed with the end user in mind. We humanize the latest cutting-edge cloud technologies to build interactive experiences that solve complex problems and engage users.

“We believe in smart solutions!”

We offer flexible pricing, long-term partnerships, and flexible teams.

While our service model can be divided into 4 groups: design, develop, market, and manage—we understand that projects of these kinds are never a one-off. We build long-term working relationships with clients to understand your needs and provide cost-effective and innovative solutions to help you achieve your goals. We'll help you launch your MVP as quickly as possible. We will also test and refine your product to take your business to the next level.

Tech solutions that are fully customizable to your business needs.

GO FROM ZERO TO MVP

Swizel Technologies Limited.

Forget about hiring and training staff because we have got all that covered. We have a team ready to go for whatever project you have in mind. Reach out to a project manager today, and tell us what you need.
